

THE MONTANA MATHEMATICS ENTHUSIAST
ISSN 1551-3440

Vol.7, Nos.2&3, July 2010, pp.175-462

“We publish while others perish”

- Howard Zinn (1922-2010)

TABLE OF CONTENTS

0. EDITORIAL

So many journals,
So many words...
So what?

Bharath Sriraman (USA).....pp.175-176

FEATURE ARTICLES

1. Women Belonging in the Social Worlds of Graduate Mathematics
Abbe H. Herzig (USA).....pp.177-208
2. Magic Circles in the Arbelos
Christer Bergsten (Sweden).....pp.209-222
3. Chaos in Physics and recurrence in Arithmetic Sets.
Jean Dayantis (France).....pp.223-246
4. Polysemy of symbols: Signs of ambiguity
Ami Mamolo (Canada).....pp.247-262
5. Cultural conflicts in mathematics classrooms and resolution: The case of immigrants from the Former Soviet Union and Israeli “Old timers”
Miriam Amit (Israel).....pp.263-274

6. Climbing and Angles: A Study of how two Teachers Internalize and Implement the Intentions of a Teaching Experiment
Anne Birgitte Fyhn (Norway).....pp.275-294
7. Vectors in climbing
Anne Birgitte Fyhn (Norway).....pp.295-306
8. Rules Without Reason: Allowing Students to Rethink Previous Conceptions
Mary Mueller, Dina Yankelewitz, Carolyn Maher (USA).....pp.307-320
9. A semiotic reflection on the didactics of the Chain rule
Omar Hernández Rodríguez and Jorge M. López Fernández (Puerto Rico).....pp.321-332
10. Some reflections on Hernández and López’s reflections on the chain rule
Michael N. Fried (Israel).....pp.333-338

Montana Feature

11. The history of mathematics as a pedagogical tool: Teaching the integral of the secant via Mercator’s projection
Nick Haverhals & Matt Roscoe (Montana).....pp.339-368

Regional Feature

Northwest (U.S) Women Researchers in Math and Science Education

12. Guest Editorial: A Starting Point
Ke Wu Norman (Montana).....pp.369-370
13. Rehearsal or Reorganization: Two Patterns of Literacy Strategy Use in Secondary Mathematics Classes
Anne Adams (Idaho).....pp.371-390
14. Pre-service Teachers in Mathematics Lesson Study
Elizabeth A. Burroughs & Jennifer L. Luebeck (Montana).....pp.391-400
15. Internal and External Comments on Course Evaluations and Their Relationship to Course Grades
Hilary Smith Risser (Montana).....pp.401-412

16. Problem Posing from the Foundations of Mathematics Libby Knott (Washington).....	pp.413-432
17. A Graduate Level In-Service Teacher Education Curriculum Integrating Engineering into Science and Mathematics Contents Ke Wu Norman (Montana) Tamara J. Moore (Minnesota) & Anne L. Kern (Idaho).....	pp.433-446
18. The Influence of a Multidisciplinary Scientific Research Experience on Teachers Views of Nature of Science Jerine Pegg (Alberta) & Edith Gummer (Oregon).....	pp.447-460
19. EPILOGUE Bharath Sriraman (Montana).....	pp.461-462
